

# SENATE REFUSES TO CHANGE RULES

Emphatically Resents Attempt Of Vice Pres. Sherman to Establish Cloture.

## REPUBLICAN VOTE DIVIDED

Seventeen Were for Sustaining Him, Twenty Against Him, as Were The Democrats.

Washington, Dec. 19.—By a vote of 27 to 17, the senate again emphatically announced its determination to resist all efforts to alter its rules in any way looking to the establishment of cloture in that body.

The question arose over the ruling made last Saturday by Vice President Sherman, holding that an announcement of a pair by a senator in an age any vote is sufficient to justify the chair in including him to make a quorum. The point was raised early in the day over the approval of the journal of Saturday's proceedings.

In connection with votes on amendments to the omnibus claims bill a vote was taken on an appeal by Senator Hale from a decision by the chair similar to that of Saturday.

All the 17 votes in favor of sustaining the chair were cast by Republicans. Of the 27 votes against the chair, 20 were cast by Republicans and 17 by the Democrats.

### HEYBURN'S POINT OF ORDER.

In the roll call the point was made by Mr. Heyburn's that only by unanimous consent could a senator be excused from voting, even in observance of a pair, and after the roll call was completed Senators Dillingham and Marple were compelled to rise and ask to be excused because of pairs. No objection was made.

The senate passed a few minor bills and adopted the house resolution agreeing to adjourn on Wednesday for the Christmas recess, reconvening Jan. 5.

The house early in the session fell into a parliamentary wrangle which developed when the bill to codify the postal laws was taken up. The measure was still under consideration when the house adjourned.

Senator Beveridge today asked members of the senate fiscal committee whether they intended to report the bill designed to prevent the tobacco manufacturers from using the premium coupon system for the purpose of crushing out competition. He said he intended to compel action on the bill.

He also passed the senate a part of the Payne-Aldrich tariff bill. Mr. Beveridge discussed the use of coupons and asserted that by such means the American Tobacco company had been enabled to crush out competition in a similar manner amounting to a scandal.

The Indian appropriation bill, carrying items aggregating \$3,254,500, was reported to the senate today. The total represents a net increase of \$987,905 over the amount of the bill as it was passed by the house. Of this increase \$298,000 is to carry out the awards to the loyal Creeks in accordance with an agreement made with that tribe in 1901.

The question of recommending a constitutional amendment to provide for the election of United States senators by direct vote of the people was made a special order of the senate judiciary committee today for the first meeting after the holiday recess.

Nominations for circuit judges to supply the new commerce court likewise went over. It is said that no charges had been filed against any of the men named.

Senator Rayner stated today that the discussion of resolutions to provide for election of senators by direct vote developed that there would be not more than four votes in the committee against reporting it to the senate. He declared the resolution would pass the committee and the senate.

### HOUSE PROCEEDINGS.

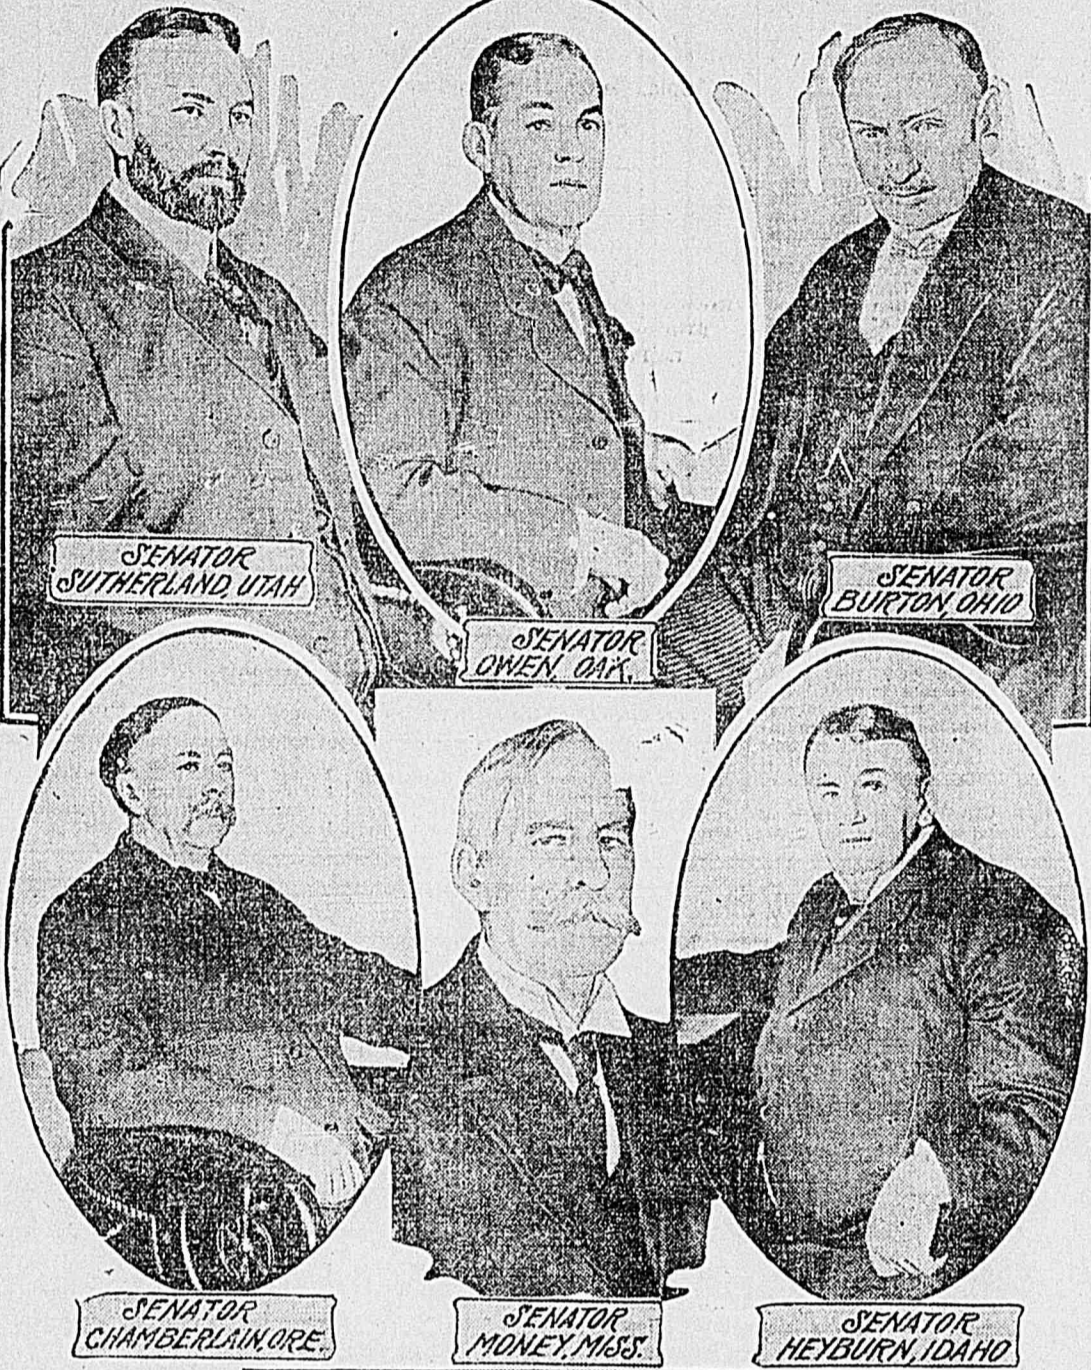

The reading was begun in the house today of a bill for the revision and clarification of the postal laws.

This provides for a practical reclassification of the postal service and for the appointment of a director general of posts. The latter would be a permanent government official subject to dismissal for cause only, and would be the practical manager of the entire postoffice department.

This would not dispense with the cabinet position of postmaster-general, and the latter would be the real head of the department, giving his attention, however, almost entirely to the broad questions of policy.

Rather slow progress was made with the reading of the bill, which is a long one, because some of the members were anxious to have taken up a pension bill providing pensions for Civil and Mexican war veterans more than 62 years old. Every parliamentary way these

# Western and Southern Senators Crowding Their Eastern Brethren Out of Limelight.

The eastern part of the United States has long labored under the impression that the west was just country, a place where folks lived, but did not care much beyond raising crops and digging minerals. There have been political leaders in Washington who have given vent to such feelings, and now they are sorry for the west and south are crowding the senators from the east out of the limelight in patronage, political power and number of bills introduced. Senator Money of Mississippi has a number of reform measures that he wants passed before he retires. Some five other senators who are going to take part in shaping the laws of the country for some time are being looked upon as men who are to become Hales, Aldriches, Burrowses and Depewes. These men are Senators Owen, Oklahoma; Heyburn, Idaho; Chamberlain, Oregon; Burton, Ohio, and Sutherland, Utah.

## MEN IN CHICAGO STAND IN LINE FOR PIECE OF BREAD

Chicago, Dec. 20.—Despite the fact that the big retail stores report that more money is being spent this year for holiday goods than in any previous year, 1,000 men stood in line last night in a biting wind to obtain a tin cup of coffee and a roll each.

It was the tenth night that Malcolm McDowell had his coffee wagon out to the hungry unemployed. The results have shown that this charity is almost as badly needed as in the hard "panic" winter of 1907-08.

The municipal lodging house had over 400 lodgers last night, a number far in excess of the number of beds, and in excess of the number accommodated at this time in the winter after the panic three years ago.

Hogan's "top," a four-story building where men may sleep on the bare floor for a nickel a night, had more than 1,300 guests last night.

like illness, it is often necessary quickly to raise the temperature of a room. For instance, in those hours between midnight and dawn, when the day temperature has been allowed to drop, if you are called upon to get up, the room is chilly and cold. It takes a long time to start up a furnace or fire and raise the temperature by ordinary means.

You can instantly heat a room to any desired temperature with a

Newark, N. J., Dec. 19.—Woodrow Wilson, governor-elect of New Jersey, sent a letter today to the 11 Democratic assemblymen-elect in Essex county bidding them to come to his home at Princeton Wednesday for a conference. These 11 men solicited James Smith, Jr., to run for the United States senate.

Dr. Wilson's letter says in part: "It is imperative in the common interest that we should fully understand each other with regard to the question of the United States senate." Assemblyman Edward Kenny, dean of the Democratic majority in the next assembly, has issued a call to Democratic assemblymen-elect to caucus at state headquarters in Newark Wednesday, Dec. 28. The object, it is said, is to decide on the speakership, but it is believed the United States senate ship also will be discussed.

## CUDAHY ESTATE WORTH ELEVEN MILLION DOLLARS

Widow Gets an Annuity of \$30,000, to Be Paid by Trustees—Some Small Gifts to Charity.

Chicago, Dec. 19.—Michael J. Cudahy, founder of the Cudahy firm of meat packers, left an estate worth \$11,000,000, according to the will, which was made public today. Of this sum, \$9,000,000 is in personal property and the remainder in real estate.

Under the terms of the will the widow, Catherine Cudahy, will receive an annuity of \$30,000, to be paid from the estate by the trustees, who are his daughters, Miss Mary T. Cudahy; his son, Joseph M. Cudahy, and Albert F. Borchardt.

The will was made in 1900. There are indications that the decedent gave much property to Mrs. Cudahy and the children other than that named in the will. The whole estate, real and personal, outside of certain personal effects and some Pasadena, Cal., real estate, is willed to the trustees, to be held in trust for five years and managed according to their judgment.

After Mrs. Cudahy's annuity is paid, it is directed that each of the children shall be paid annually \$10,000 for five years, and to John Shaw of Chicago \$500 annually for the same period. The children and Mrs. William P. Nelson, Mary T. Cudahy, Clara A. Cudahy, Mrs. John B. Casserly of San Mateo, Cal.; John P. Cudahy, Joseph M. Cudahy and Edward I. Cudahy.

To Mrs. William Cudahy of Milwaukee, widow of the decedent's brother, is given \$6,000 a year for the trust period, and at the end of that time she is to be given \$5,000. The following gifts are to be made:

- St. Joseph's orphan asylum, Chicago, \$5,000.
- Elizabeth's hospital, Chicago, \$2,500.
- St. Joseph's hospital, Chicago, \$2,500.
- Little Sisters of the Poor, Chicago, \$2,500.
- Sisters of the Good Shepherd, Milwaukee, \$5,000.

The remainder of the yearly income is to be given to the trustees, also to be held in trust, and when the estate is finally distributed, \$500,000 is to be given to Mrs. Catherine Cudahy, the widow, or her heirs.

### AUTO PLUNGES INTO CANAL. ONE WOMAN DROWNED

New Orleans, Dec. 20.—One woman was drowned and five men narrowly escaped death in the waters of the old bayou canal here just after midnight this morning when an automobile in which Jesse Smith and four companions were riding plunged over the embankment into 20 feet of water. The accident happened at a bridge on Claiborne avenue, the speeding machine missing the structure in the darkness.

The woman's body was recovered. All the other occupants of the car were injured, but not seriously.
